STEP:1 Create an EMAIL account for your brand.

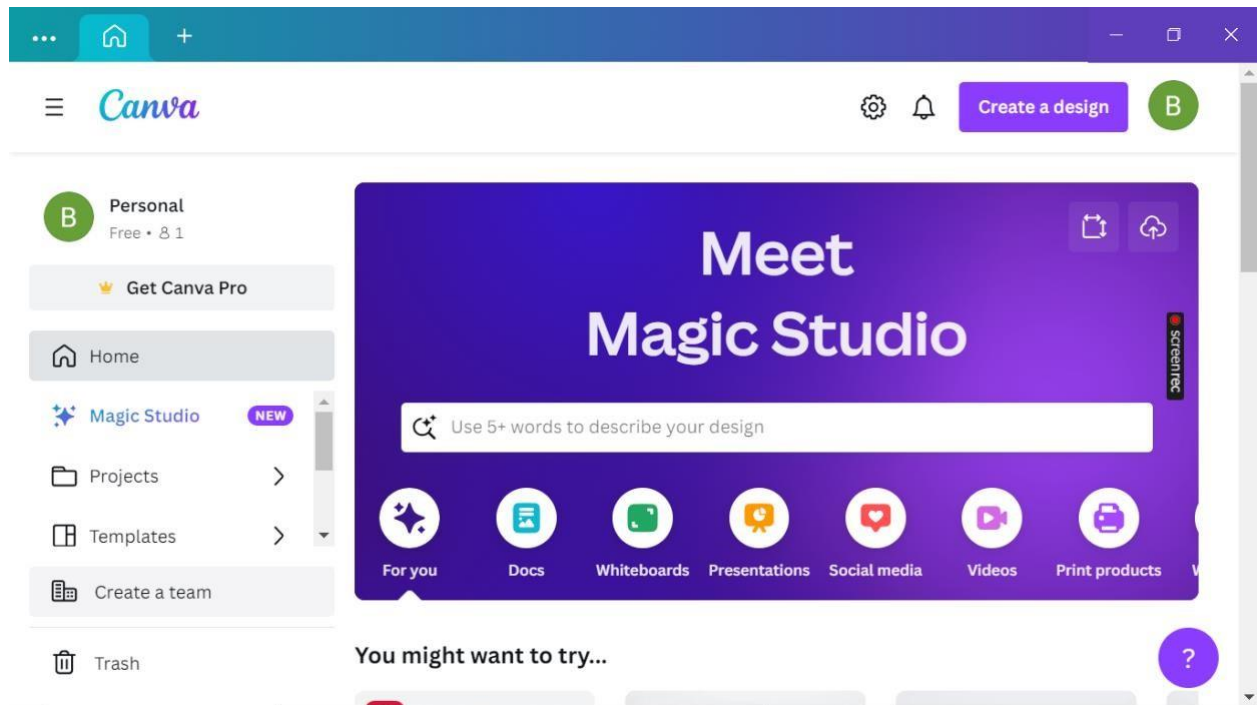

STEP:2 Open a web browser and search canva's website.

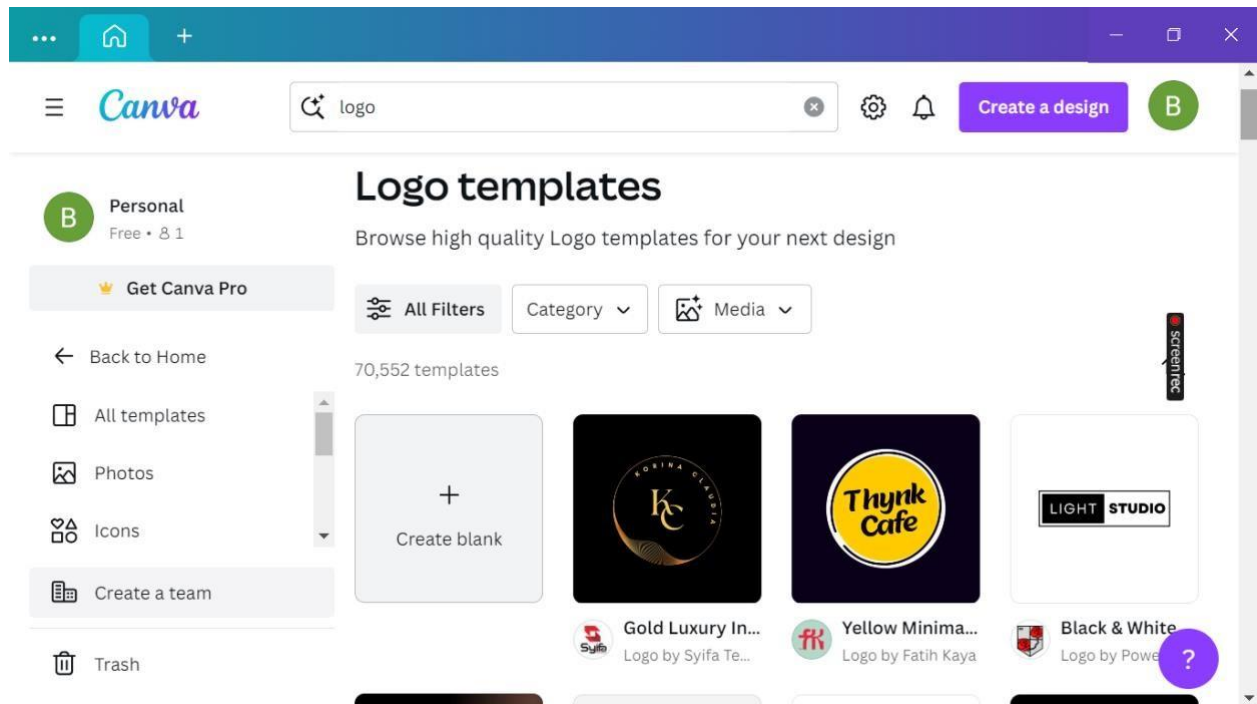

STEP:3 If you already have a canva account, “LOG IN”. If not, you can sign up for a new account using email id, google or Facebook.

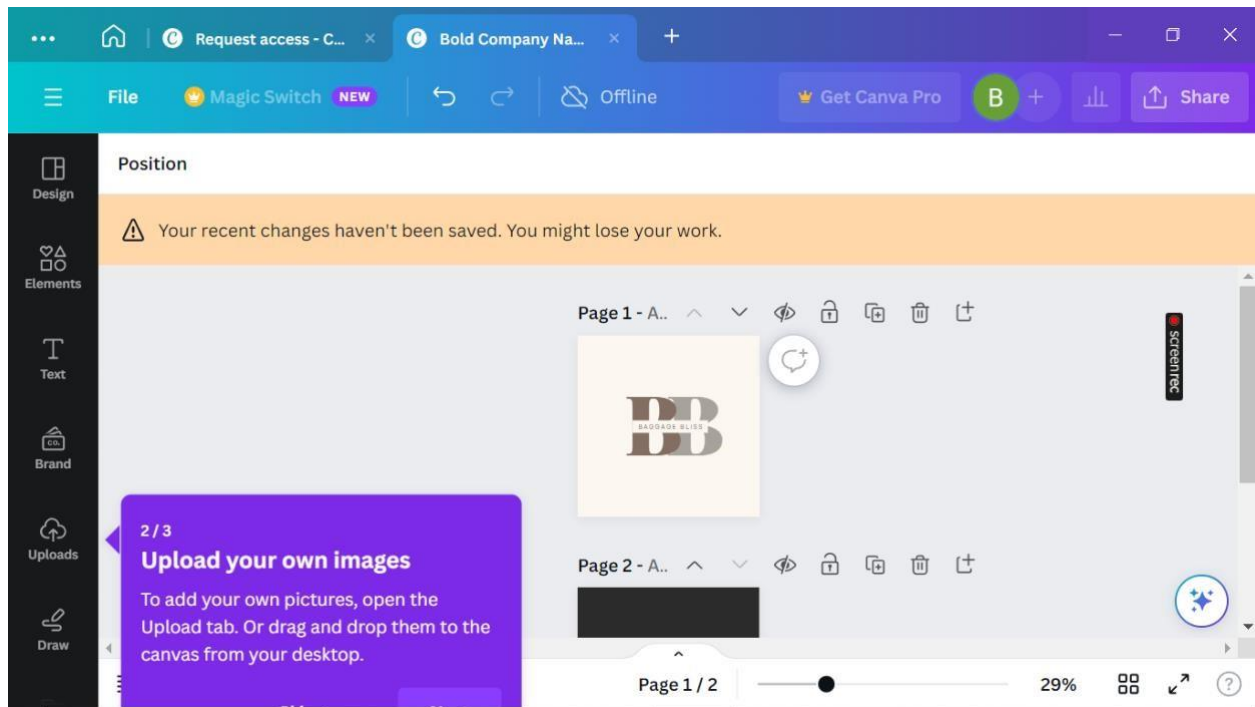

STEP:4 After login open canva's application and click on “Create a design” at the top right corner.

STEP:5 In the search bar at the top of the page type “logo template”.

STEP:6 Click on a template that you want to use. It will open in canva design editor, where you can customize it with your own text, image and elements.

STEP:7 Once you have customized your logo, click “Download”.
